### **Toukley Golf Club**

Supported by the Dry July Foundation and other generous donors since 2013, the program provides support, care and assistance to adults living with cancer on the Central Coast. Valuable wellbeing and recovery tools are provided free of charge at easy to access venues across the region to cancer patients, their families and carers. Information, education and support helps patients and carers etc to develop skills for coping with cancer diagnosis, treatments and resultant side effects such as fatigue and anxiety.
